

Application Guidelines to GOBELINS

This document has been created to show you the full process of admission at GOBELINS for International students. Even if you speak French, please follow these guidelines carefully.

Note: If you're applying to the Bachelor of Arts/Preparatory Year programme and you graduated from High school before 2021, please contact info.concours@gobelins.fr first.

Step 1: Getting started & Basic information

First, you need to create your account on our application platform. In order to do so, you need to go on [this page](#) and click on "Nouvelle candidature" (green button).

The screenshot shows a web interface for 'Demande d'inscription en formation'. It features a yellow silhouette icon of a person. The text instructs users to use the connection form to identify themselves, with two bullet points: 'Si vous disposez d'un compte NetYParéo "apprenant"' and 'Si vous avez déjà postulé pour la période 2020-2021 et souhaitez accéder au suivi de votre dossier'. Below this, it says 'Dans le cas contraire, utilisez le bouton "Nouvelle candidature" pour commencer la création de votre compte et suivre les étapes de la procédure de demande d'inscription.' The interface includes a green 'Nouvelle candidature' button, a grey 'OU' button, and a grey 'Se connecter' button. There are input fields for 'Identifiant' and 'Mot de passe'. A link at the bottom says 'Revenir à l'interface de connexion de l'application'.

Then you will have to complete a basic form. **Only fill in the fields marked with a red asterisk.** Those are mandatory, the others are not.

Be careful, it frequently happens that the confirmation emails sent by the school are directed to "spam" and junk mail. Please check all your emails.
